

# Wainscot Architectural Detail

Wainscoting is a very popular style. By combining Novabrik with any other siding material you can achieve a very appealing architectural style. For this we recommend the use of a story board to help determine the desired height of the wainscot cap.

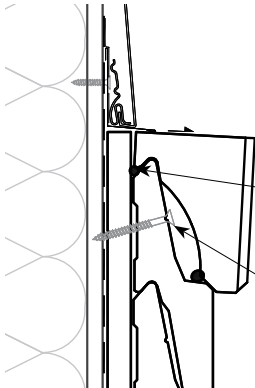

Smooth Face

Split Face

Mitter the caps at the corner

Set wainscot cap in place using construction adhesive

Fasten each Novabrik under the cap with two #8 or #10 x 2½" (64mm) corrosion resistant screws to the horizontal 1" x 6" (19mm x 140mm)
